

“Go Waterless all year long” NoWet saves Water and Greenhouse Gas Emissions

Collecting, treating and delivering clean water uses a considerable amount of energy, that causes a surprisingly large amount of **Greenhouse Gas Emissions.**
(Article by Julian Gray, CEO of Smart Approved WaterMark)

People still wash cars with water. Car wash outlets lose about 25% of water by recycling. That's a huge loss of water around the planet.

Use NoWet and save time and money going to and from car wash outlets and waiting your turn.

Wash your car waterless.

NoWet Waterless CarClean does not need water to clean a dirty vehicle. Eco friendly. No pollution going down storm water drains, waterways and aquifers. NoWet leaves your vehicle clean, protected and with a brilliant shine without water marks from washing with water.

By using NoWet you will Save, Time, Money, Water, Energy and don't add any Greenhouse Gas Emissions.

NoWet is the better environmental way to keep your vehicles looking the best all the time.
